

# GIVE YOUR HOME A FACELIFT CALL ADVANTAGE HANDYMAN

Facelifts are in vogue these days as people who are unhappy with how they look turn to plastic surgeons to improve their appearances.

People who are bored with the looks of their homes are turning to Advantage Handyman, the experts in giving a home a “facelift.”

“One of the most dramatic ways to change a boring, non-distinctive home is with the addition of a front porch,” said Sean Castorina, of Advantage Handyman Services. “We can take an older, tired-looking home and totally revolutionize the appearance with a new front porch.”

Most people these days are staying put, rather than selling their homes and moving. After all, they like their homes, their friends and their

neighborhoods. They are just bored with the way their older homes look.

With a single call to Advantage Handyman, a dull and uninteresting home can truly receive a facelift.

“We do all the work for you,” Sean said. “We have a designer on staff who can help with drawings, and we will deal with any homeowner association issues. We handle all the permits and will give you firm prices and firm start and completion dates. We try to make the process effortless on your part. We also offer in-house financing and accept major credit cards.”

Sean said that the price for a front porch generally runs from about \$6,000 to \$15,000.

“I personally consult with each homeowner,” Sean added. “We design the porch to make sure it is symmetrical and the right size for the house. More than anything I know of, a porch can transform a home in appearance.”

Sean Castorina has a Virginia Class A Contractors License and the firm belongs to and has an A+ rating with the Better Business Bureau.

For a free estimate on your next project, especially for a new front porch, call the professionals at Advantage Handyman Services at 434-817-7222 or go to their web site at [www.AdvantageHandy.com](http://www.AdvantageHandy.com) where you can also view potential styles for your new porch or additions.
